Child Protection Policy & Mandatory Reporting

Policy
Everyone at Australian Christian College is responsible for the care and protection of the children and reporting information about child protection concerns such as neglect or physical, sexual and emotional abuse. The college will act in the best interests of the child and in accordance with NSW legislation in response to a suspicion or allegation of abuse.

Definition of Abuse & Maltreatment
A child protection concern may arise from any action or inaction which is inconsistent with the care and protection of a child. This may include physical, emotional or sexual abuse or neglect of a child. It may involve repeated or persistent maltreatment, or it may arise from a single incident. It may be observed evidence of risk or indicators, reports of maltreatment by a person without parental responsibility for the child and/or a disclosure of information provided directly by a child or parent/carer that describes or alleges maltreatment. Maltreatment refers to when a child or young person has been subjected to physical, sexual, emotional or psychological abuse and/or neglect, the severity and/or persistence of which has resulted in or is likely to result in significant harm. It is possible for a child to be maltreated by a parent/carer, another adult person or another child who may or may not be older.

Definition of Reportable Conduct
Reportable Conduct is actions by an employee that include:

1. any sexual offence or sexual misconduct committed against, with or in the presence of a child - including a child pornography offence
2. any assault, ill-treatment or neglect of a child
3. any behaviour that causes psychological harm to a child – even if the child consented to the behaviour.

Reportable Conduct is not touching a child to attract their attention, guide them or comfort them, a school teacher raising their voice to attract attention or restore order in the classroom, or conduct that is established to be accidental.

A ‘child’ is a student at Australian Christian College.

An ‘employee’ is anyone who is employed on a full time, part time or casual basis by Australian Christian College.

Appendix A - Guidelines

Overview
The purpose of these guidelines is to provide information for staff who are concerned about possible abuse, maltreatment or reportable conduct.

Guidelines for Appropriate & Inappropriate Behaviour
What you determine to be appropriate and inappropriate based on your culture, your experience or your background is not the same as how you are required to act as an employee.
Appropriate behaviour is simply acting as a professional. Where possible, physical contact should be avoided. Please note the following type of contact that is not defined as reportable conduct:
Reportable Conduct is not touching a child to attract their attention, guide them or comfort them, a school teacher raising their voice to attract attention or restore order in the classroom, or conduct that is established to be accidental.
Remember that students carry multiple recording devices and that at any time you may be being recorded, edited, and published to a global audience.
Inappropriate behaviour includes but is not limited to:
1. Sexual relationships with students.
2. Touching sexual organs.
3. Communication that is sexual in nature.
4. Contact that could cause bodily harm.
When communicating with students, staff are encouraged to be within sight of other members of the school community and to not be alone where allegations could be made against your behaviour.
Staff are reminded that students can develop emotional attachments to staff that are inappropriate. If a staff member suspects that a student has developed an emotional attachment that could be misinterpreted then they are to report the matter to the Principal.

Guidelines for classifying concerns
Staff are encouraged to make use of the NSW Online Mandatory Reporter Guide when determining if their concern is classified as reportable to the Head of Agency and/or to Family & Community Services.
The Online Mandatory Reporter Guide uses decision trees that classify harm in the following categories:
1. Physical Abuse
2. Neglect
3. Sexual Abuse
4. Psychological Harm
5. Child/Young Person is a Danger to Self and/or Others
6. Relinquishing Care
7. Carer Concerns
8. Unborn Child

Staff can access the decision trees at:
